Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Anza Elementary School	37-67991-6037568	May 16, 2019	July 30, 2019

## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Anza will support underserved students with targeted interventions specific to their needs. Among these will be additional counseling, support for English Learners in the area of language arts, tutorials in ELA and Math and social-emotional learning. In addition, there will be an emphasis on parent and family engagement opportunities such as Parent University and home visits.

The overall academic performance of students at Anza is at the orange level for English language arts and for mathematics identifying opportunities for growth in both core academic subject matter areas. To more effectively identify struggling readers Chase will assess student reading levels at the beginning, middle, and end of the school year. This will provide all instructors data on student reading levels allowing for more targeted differentiated supports and intervention throughout the school year. Additionally, it will allow for goal setting and progress monitoring throughout the school year.

To meet the English language arts needs of all students across the curriculum Anza will provide targeted professional learning opportunities for all staff aimed at developing literacy across the curriculum. Teachers will implement visible learning strategies, focus on language acquisition and literacy development in all content areas, and effectively use of technology to enhance instruction. Teachers will be offered high-quality professional development and technology to ensure learning activities are rigorous and appropriately aligned to CCSS. Lessons will be engaging and will support student learning and growth. A school-wide focus of aligning instructional activities to students strengths, interests, and values will be maintained as we prepare our students for the World of Work.

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

Meaningful engagement of parents, pupils, and other stakeholders, including those representing subgroups that attend our school is critical to the annual School Plan for Student Achievement (SPSA) and budget allocation process. Our site utilizes student outcome data to drive our decisions and in determining our educational programs, professional learning opportunities and when considering supplemental curriculum. The following stakeholders are part of the SPSA development:

1. The English Learner Advisory Committee (ELAC): This committee meets multiple times throughout the year, but the meeting on March 28, 2019 was the accumulating input meeting for the SPSA development this year.

The ELAC provides a focus on both designated and integrated language opportunities for English learners (ELs). The charge is to support our site in improving language acquisition skills for all levels of ELs. The process used to generate their engagement is a data analysis protocol. English Learner data is analyzed for areas of growth and of need. The language acquisition process is addressed in two ways, through designated language opportunities where language acquisition is the focus and in integrated language opportunities where access to content standards is the focus through scaffolds and strategies.

ELAC confirms that our language development program addresses the needs of the students and are given the opportunity to ask questions and provide input from their child's experiences. Suggestions provide the opportunity to make adjustments as needed to align accelerated language acquisition opportunities for our ELs. Information from this meeting was shared with School Site Council and used in the final development of the SPSA prior to approval of the plan.

2. The School Site Council (SSC): This committee meets multiple times throughout the year, but the meeting on March 28, 2019 was the accumulating input meeting when the SPSA was approved. The SSC meetings provide a focus of overall academic and social-emotional welfare for all of our students, as well as site safety and fiscal needs. The site focus is to leverage competency-based instruction to engage students in the learning process, nurture their strengths & interests, help them find their role in their community and secure a path toward it. This is accomplished through a continuous site improvement focus where data is analyzed by sub-groups. Site data is analyzed for areas of growth and of need. There are three outcomes considered when reviewing our SPSA:

A. We retain "actions" that show student growth

B. We refine an "action" that shows minimal growth, but progress

C. We eliminate an "action" and replace it with a different way of approaching the need

Suggestions from all members provide the opportunity to make adjustments as needed in order to align the site programs to student needs.

3. The Leadership Team: This committee meets multiple times throughout the year, but the meeting on April 1, 2019 was the accumulating input meeting.

The Leadership Team is made up of representatives from each level represented at the school, followed by regular leveled collaboration opportunities with the group they represent. As with the SSC, these meetings provide a focus of overall academic and social-emotional welfare for all of our students, as well as site safety and fiscal needs. The charge is to support our site improvement focus, based on the particular needs of a given level or sub-group of students through collaborating as a whole site and then by leveled teams. The focus starts with celebrating successes, program monitoring, and then focusing on next steps. As a site, we develop a continuum through the development of "Actions" based on the "next steps" (focus areas) of each level. These focus areas are then taken back to the grade/subject level group and through collaboration, each level improves instruction, develops student opportunities or requests professional learning to build capacity.

The Leadership Team strengthens the development of personalized learning for students and allows for personalized professional learning for staff as well. Professional Learning (PL) brings our Instructional Model to life as teachers become proficient in facilitating Modern Learning. Our competency-based PL integrates with district-level metrics and supports our teacher's success through coaching & cohorts. Our goal is to create a culture of educators that are empowered to deliver relevant learning experiences for our students while considering the personalized needs of

students. The focus on analyzing data by level, builds capacity among staff. The process used to generate staff engagement is through the data analysis protocol. Site data is analyzed for areas of growth through a Data Analysis process. Suggestions from all members provide the opportunity to make adjustments as needed in order to align the site programs to student needs.

4. A Title I meeting: This meeting was held on May 16, 2019 and information was shared with SSC as they developed and approved the SPSA.

This meeting is held to provide a focus of overall academic and social-emotional welfare for all students who have not yet reached proficiency or are at risk of not meeting proficiency. The Title I meeting is an additional opportunity for parents and the community to provide input into the SPSA development. As with ELAC and SSC, our site data is shared, the site programs are discussed and an opportunity to ask questions and share ideas is provided.

Grade3	84	86	93
Grade 4	83	92	90
Grade 5	97	83	89
Total Enrollment	569	549	554

### Conclusions based on this data:

1. Based on the data in the table, Enrollment by Student Group, Anza is experiencing an increase in several groups including, Asian, Filipino, Hispanic/Latino and Pacific Islanders.
2. Anza's current enrollment is 549 students, which does not include the 48 students enrolled in the State Funded Preschool Program. The overall grade level enrollment remains relatively stable for the reported three years with the highest year being 2016 - 2017.
3. Although the White subgroup remains the highest with 65.76% of our students identifying with this group, there is a decrease in the percentage for the past three years.

Reclassified Fluent English Proficient (RFEP)	27	45	23	6.8%	10.9%	5.9%

### Conclusions based on this data:

1. English Learners: The number of students identified by the Home Language Survey as English Learners has fluctuated by 2.7% or 26 students during the three year reporting period. The number of students identified as English Learners is 387 or 70.5%.
2. Fluent English Learners, (FEP): The number of students identified as Fluent English Proficient has fluctuated by 3.0% or 17 students between 2015 - 2018. However, between 2016 - 2018, the number of students in this subgroup increased by 2.2% or 11 students. There are 41 students or 7.5% FEP students.
3. Reclassified Fluent English Proficient (RFEP): The number of students identified as Reclassified Fluent English Proficient has varies by 7.1% or 15 students between 2015 - 2018. However, between 2017 - 2018, the number of students in this subgroup increased by 4.1% or 18 students. There are 45 or 10.9% RFEP students in the 2017 - 2018 school year.

**Conclusions based on this data:**

1. 52% of students nearly met, met, or exceeded standard on the ELA assessment, which is an increase of 4% from the previous year.
2. There was a jump from 42% in 2014-2015 to 47% in 2015-2016, then a jump to 48.6% in 2016-2017 of students nearly met, met, and exceeding standard in reading. Over the last three years there has been an increase of 5.6% in reading proficiency. In order to continue to show growth Anza will continue to implement a school-wide reading intervention program, K through grade 5, with a focus on decoding, vocabulary, and comprehension.
3. In writing 58% of students were at or near standard which was a drop of 3% from 2015-2016. Teachers will continue to use Lucy Caulkins writing with a focus on integrating it into all subject areas. The site will implement more professional development for teachers based on grade level data.

**Conclusions based on this data:**

1. The overall number of students nearly meeting, met, and exceeding standards was 66% across all strands which is a 1% increase from the prior year. Students below standard will be identified and specific intervention strategies will be taught in a small group environment in the classroom and/or in after school tutoring.
2. By looking at individual student data there is a direct correlation between success on the ELA and mathematics assessment. Students who were successful at decoding and comprehension in reading were more likely to meet or nearly meet standards.
3. Problem solving and communicating reasoning strands showed a slight decline in standards met. Teachers will emphasize and focus on these strands for the 17-18 school year.

#### Conclusions based on this data:

1. The ELPAC Summative Assessment was administered in the Spring of 2018. The data indicates that the number of students who are eligible to take the assessment decreased from kindergarten to fifth grade. At this time, we are not able to make a comparison as the results for the 2018 - 2019 school year are not available. According to the data, there are 372 students tested school-wide.
2. Within the Overall Language Table, there is a relative increase in the number of students in Level 3. Due to reclassification of students in third through fifth grade, there are no students identified in Level 4. the Overall number of students tested on the Summative ELPAC assessment are within Levels 3 and 4 at 53.76%.
3. Within the Reading and Writing Domain the number of third, fourth and fifth grade students decreases due to the number of students who are reclassified. If a student has not been reclassified, they generally are identified within the Somewhat Moderately Level.

## Overall Performance

### 2018 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
<b>English Language Arts</b>  Orange	<b>Chronic Absenteeism</b>  Orange	<b>Suspension Rate</b>  Green
<b>Mathematics</b>  Orange		
<b>English Learner Progress</b>  No Performance Color		

#### Conclusions based on this data:

1. The Overall Academic Performance levels for English Language Arts and mathematics indicate that Anza is in the Orange Level. The data represents the overall proficiency level of all third through fifth grade students who took the CAASPP assessment in May, 2018.
2. The Overall Academic Engagement Performance Level is within the Orange Level. The Chronic Absenteeism indicated level represents four specific subgroups. Students can be a member of more than one subgroup, which does effect the overall performance level.
3. The Overall Conditions and Climate Level is within the Green Performance Level. The Suspension Rate can be a reflection of a safe, secure, positive educational environment for students.

<b>2016</b>	<b>2017</b>	<b>2018</b>
1.6% suspended at least once	0.7% suspended at least once	1% suspended at least once

#### Conclusions based on this data:

1. The Climate and Conditions Suspension Equity Report includes four student subgroups in the report. The groups include All Students, English Learners, Socioeconomically Disadvantaged, and Students with Disabilities. All subgroup data indicates that two groups, Socioeconomically Disadvantaged and Students with Disabilities increased the percentage of suspension rates and are in the Orange Level. The two other subgroups, All Students and English Learners maintained the suspension rate and are in the Green and Blue Levels respectfully.
2. The Climate and Conditions Suspension Equity Report includes four student subgroups by Race/Ethnicity in the report. The groups include African American, Hispanic, Two or More Races, and White. Two of the subgroup, African American and Two or More Races data indicates and increase in the percentage and places both groups to be in the Orange Level. Additionally the subgroup, White also shows an increase in the percentage and is reported to be in the Yellow Level. The Hispanic subgroup decreased the percentage and is reported to be in the Blue Level.
3. Within the Dashboard, there is three years of suspension rates being reported. According the the Suspension Rate by Year, there was an increase in the suspension rate from 2017 to 2018. However, three years of suspension rate indicates a decrease from 2016.

## Identified Need

Teachers collect student academic data using the following assessment tools: ARC, IAB, Achieve 3000, Imagine Learning, GO! Math, ST Math, CAASPP, and ELPAC data. In order to move at least 5% of our students from the not meeting band, we need to provide interventions and supports around literacy, reading development, guided language acquisition and development, writing, and mathematical reasoning. Specifically, we need to focus on our EL, Hispanic and students with disabilities in order to increase their performance in English language arts and mathematics.

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 0 Secondary Students

Name of Members	Role
Alyssa Mabrey	Classroom Teacher
Deanna Jones	Classroom Teacher
Stephnie Aguayo	Classroom Teacher
Doaa Polus	Other School Staff
Maria Kehoe	Principal
Angela Pitts	Parent or Community Member
Suha Pola	Parent or Community Member
Wassa Toma	Parent or Community Member
Margerite Yousif	Parent or Community Member
Kristina Michalek	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.
