

Community Advisory Committee

East County SELPA

Parents and Professionals working together to assure quality educational opportunities for students with disabilities

What is the Community Advisory Committee (CAC)?

An organization of parents, professionals and community members working together to advise the school districts in the East County SELPA (Special Education Local Plan Area) on matters concerning students with disabilities. The committee concerns itself with the development of the Local Special Education Plan and providing and supporting parent education. Anyone working, living, or doing business within the SELPA region can be meaningfully involved in the planning, business, or outreach activities.

Why Participate?

Your involvement can range from attending a presentation on a topic of interest to becoming an appointed member with a leadership role. Benefits of participation can include:

- Increased contact with other parents
- Exposure to new information and developing new skills
- Opportunities to interact with educators and other professionals
- Greater awareness of school and community resources
- Potential to impact special education policy and legislation
- Making everyone better advocates for students with special challenges
