Principal's Note:

Happy New Year! Here at Magnolia it is shaping up to be a wonderful 2019. We are happy to see our amazing students and ready to get back to working on their academic and social/emotional goals. Our focus continues to be on reading and exploring student's strengths, interests and values through the World of Work.

Communication is the key to success. Please be sure to reach out to teachers with questions, and to respond in a timely manner to school communication.

-Mrs. Robinson

Information from the Front Office:

- All parents checking out students early must provide a valid ID.
- All visitors & parents coming onto campus must sign into the front office Raptor Kiosk.
- As of November 23, 2018 we no longer be allowing students to be checked out early
During the following times:
Monday 12:45-1:00 pm
Tuesday-Friday 1:45-2:00 pm
- Student Bathrooms in the health office are not for adult use. In order to protect the privacy of students in the health office, we are not able to allow adults to use the restroom during school hours or when students are present.

ROAD RULES

Please remember to follow all the parking lot rules and honor the safety patrol.

AM DROP OFF:

- The red zone in front of the school is a bike lane and is not for parking or student loading/unloading.
- **Please do not walk your children across the front drop off lanes.**
- Use the crosswalk at Victor street to access the front of the school.
- This will improve the flow of traffic if we do not have to keep stopping cars so students can cross traffic safely.

PM PICK UP:

- Walkers go to the front of the school.
- Car Riders go to the west side of the school.

To ensure your child goes to the correct PICK UP Location, please tell your student whether you are walking or picking up in the car so they can go to the appropriate location after school.

Career Corner

Ask your child about the RIASEC. As they explore their own strengths and interests, the RIASEC helps them identify potential career paths.

In first grade, they will be exploring what it is like to be a Registered Nurse! A nurse falls under "S" or Social. In fourth grade they will begin their unit on "Geographer" which is "I" or investigative. Teachers have planned engaging, innovative projects that deepen student connection to each career.

Class Attendance Winners

November/December: Mr. Charles
