Questions for each Breakout Group to address:

Teachers: Please facilitate the dialogue in your breakout room around these questions, take notes, then have your room share some common themes when we are back in the main room.

- What's working?
- What's not?
- What should we try to improve?
- What should we stop doing?

NOTES FOR BREAKOUT ROOM #1

What's working?	Like the current schedule - A/B parents want to keep schedule 2 days/week and staying with in-person DL parents like staying DL. Infection rates need to be lower
What's not?	A/B parents: only offered cold lunches - kids not interested in the lunches. Not getting 5 days of instruction DL parents: missing the social part of school, students get distracted when put in breakout room -- not all kids work
What should we try to improve?	More variety of lunch items--higher interest items Remind kids they can use hand sanitizer when returning to the classroom after using the bathroom.
What should we stop doing?	No items to stop doing.

NOTES FOR BREAKOUT ROOM #2 -

What's working?	<p>My kids are going for two. days. They are very happy and they take all the required procedures. The principal is very active, always outside and taking care of students. My son is in DL. the teacher is doing well. Teachers are doing great, they are doing all they can. Keep start time 9.</p>
What's not?	<p>Zoom is not a great module because students are not getting enough education. I hope next year to get better. Of course being in school is different. Kids are missing social learning.</p>
What should we try to improve?	<p>I don't know what is happening inside the school. We can't go inside the school. I think the cleaning protocols We were not able to finish.</p>
What should we stop doing?	

NOTES FOR BREAKOUT ROOM #3

What's working?	<p>Hybrid- the teachers, OT, additional services, great to be at school with the supports he needs. Attending the two days is helpful to get access to teachers and better understanding of materials. We had a parent who was DL then moved to Hybrid and after experiencing both models, prefer the Hybrid Model. Mom feels that the education and access to teacher, materials, and overall understanding is better than being on the computer all day at home.</p>
What's not?	<p>Distance Learning- It is difficult to complete work, sit still, and work as a family to do the work. It was difficult to understand everything when at home. The internet is a struggle and the computer has issues when at home.</p>

<p>What should we try to improve?</p>	<p>We want the school to be open more days or keep the hybrid learning.</p>
<p>What should we stop doing?</p>	<p>Not at this time.</p>

NOTES FOR BREAKOUT ROOM #4

<p>What's working?</p>	<p>Parent is happy to stay home during the virus Likes the packets so the son does not have to come back to school Communication with Parent Square Teachers are friendly and helpful The hot spot is working.</p>
<p>What's not?</p>	<p>No extra space for TK DL who has a health issue</p>
<p>What should we try to improve?</p>	<p>More space for DL</p>
<p>What should we stop doing?</p>
