

## Preschool (CSPP) Parent Stakeholder Meeting: 12/11/20

Questions:

- What's working?
- What's not?
- What should we try to improve?
- What should we stop doing?

**Group: 4-5 pm/5-6pm (English/Arabic & English/Spanish): Tomas Morales- Magnolia, Ammar - Jamacha, Rita (in quarantine) - Johnson, Nash Dooda - Orianna Dooda/Magnolia, Abeer Diana/Sevick. Alix Goche/BO**

**Staff: Ginny Pinkerton, Toni Arellano (teacher), Firas Al Naqueed & Graciela Arredondo (Parent Liaisons)**

What's working?	<p>I'm happy my daughter is coming to school every day. She is learning more now that she attends school 5 days a week, knows her vowels, letters and counts 1-35.</p> <p>Learning more in person, she learns more in depth and shares what she learns. Understands more than when she is in front of the screen.</p> <p>I'm happy it is open and that my child can attend 5 days per week in person, I don't think DL works for a 4 year-old. Social skills are an important part of Preschool. Pick up and drop off is working well. Seesaw is working. Great communication tool between parents and teachers.</p>
What's not?	<p>Online does not work, we would have problems with the Internet or the wifi. Jamacha - link to join the class doesn't work. My daughter was not benefiting from DL. She loves to socialize and learns better when she is around other children.</p> <p>The parent connection to the classroom is missing. Only thing I miss is being able to see what is going on. We don't know how the classroom is set up, I miss volunteering and participating in classroom activities.</p>
What should we try to improve?	<p>To improve, I would like my daughter to learn something new each day, it seems like it is repetitive.</p>

	<p>The programs work perfectly, but we would like the program to be 4 hours.</p> <p>My daughter gets sick frequently. Is there any way the sick(negative test) can stay home less than 14 days perhaps 1 week.</p> <p>Would like a longer program (more than 3 hours) The parent connection to the classroom is an important missing piece.</p> <p><b>Parent Ideas:</b></p> <ul style="list-style-type: none"> <li>● Would like to see the classroom in real time via zoom so parents can see what their children are doing. Parent Liaison offered to bring camera and live stream to zoom so parents can “attend” in real time</li> <li>● Can teacher zoom and walk around showing parents the classroom, how it is set up and children’s work on the walls</li> <li>● Can parents zoom via LCD projection so children can perform or parents can watch an activity, talk with their child, etc during class time</li> <li>● Would like an In person performance while parents line up and practice social distance outside the school grounds behind the gate.</li> </ul>
<p>What should we stop doing?</p>	<p>It is perfect the way it is. You are doing a great job. No complaints. Happy with the program.</p>
