**HAPPY THANKSGIVING!!!** Wishing all of you a wonderful and relaxing Thanksgiving break with family and friends. This year, I am especially thankful for my students at Hillsdale Middle School. Thank you for raising such awesome kids!

**TRIMESTER 2:** Trimester 2 is well underway with already having 12 or so homework assignments, 2 quizzes and 1 exam. If you are not happy with your student's overall math grade thus far, please encourage him/her to complete missing work over the break. Late work will be accepted when we return to school on December 2<sup>nd</sup>. Please remember, the assignment must be completed in its entirety and all work must be shown to receive partial credit for late assignments.

**SKIPPED PROBLEMS ON HOMEWORK:** After Thanksgiving break, I am no longer accepting homework with skipped problems. Students must attempt to solve every assigned problem on their homework assignments. Remember, full credit on homework is issued if every problem is completed and all work is shown, regardless if the correct answer is given.

**TARDIES:** Students need to be in their assigned seat ready to learn BEFORE the bell rings. **PLEASE TALK WITH YOUR STUDENT ABOUT THE IMPORTANCE OF BEING ON TIME TO EVERY CLASS.**

**Week #15 = 15 I-Ready Assignments Completed and Passed by yesterday at 8:59 pm!**

**Remember, when we return from break, students must have 16 I-Ready Assignments completed and passed by Thursday, December 5<sup>th</sup> at 8:59 pm or they will NOT participate in P.A.T. on Friday, December 6<sup>th</sup>.**

**I-READY:** I-Ready is a district-purchased an online program for mathematics that will help personalize your student's learning and monitor progress throughout the school year. I-Ready consists of two parts: Diagnostic and Personalized Instruction that provides data to increase your student's learning gains.

This year, your student is required to take 3 diagnostic assessments and complete 1 math lesson per week. Every four weeks the I-Ready will be graded and students will earn a score reflective of the number of lessons they have completed to date. **Students who have completed 4/4 by week 4, 8/8 by week 8, 12/12 by week 12, and so on, will be able to participate in P.A.T. (Preferred Activity Time).** Students who have not completed the required lessons will work on I-Ready during that time.

**I-READY LESSONS ARE DUE ON THE DAY BEFORE P.A.T. BY 8:59 PM. ANYTHING SUBMITTED AFTER 8:59 PM WILL NOT COUNT FOR THAT PARTICULAR WEEK.**

**TIMES TESTS:** Every four weeks before P.A.T., all students will be taking a multiplication facts quiz (100 facts, 0's through 12's in 6 minutes). We have been working on this periodically in class, however you could also help your student at home to prepare for this quiz.

- 1) Make multiplication flash cards and quiz your student.
- 2) Print each of the four different Times Test forms from my website and practice, practice, practice! The Times Tests are in the LEFT navigation bar on my website, or you can click [HERE](#).
- 3) Log onto Hoodamath.com and have your student practice the multiplication timed test online.
- 4) Play Multiplication War with a deck of cards (remove the Kings, Queens = 12, Jacks = 11, and Aces = 1).

**MY WEBSITE:** <https://www.cajonvalley.net/Domain/518> If you have a moment, please visit my website for information about me, the math curriculum, forms, tools, resources, and other things you may find helpful.

**INFRACTIONS:** An Infraction Log is kept daily for violations of basic school and classroom rules, which include but are not limited to the following: Gum, Tardy, Cell Phone ON, Inappropriate Use of Technology, Disruption, Not bringing necessary school supplies (charged chromebook and charger), Profanity, Dress Code, etc. **EVERY 3 INFRACTIONS RESULT IN ONE LOWERED CITIZENSHIP GRADE.**

**GRADES:** I update grades every FRIDAY and post them in my gradebook program iGrade Plus and will be emailed to you on Fridays. If you and your student check his/her math grade before Friday, there may be blank entries. This means I have yet to enter the grades for that assignment, so please check back on Friday. Assignments turned in on Friday will NOT be reflected on the emailed report until the following week.

**If you are not receiving emailed grade reports, please email me a working email for you so I can update my records. Be sure to include your student's first and last name in the subject line of your email.**

**NEXT WEEK'S HOMEWORK:** You can find next week's math homework assignments at <https://www.cajonvalley.net/Page/11701>. Make sure you click on the correct week and are looking in you student's course column for the assignments. \*Please note, that although my lesson plans on my website are accurate, some changes may occur without notice.
