

A Message from Mrs. Nabors

Hillsdale Middle School

7th and 8th Grade Mathematics

(Week #4)

Friday, September 6, 2024

Math Enrichment Opportunities:

<http://nrich.maths.org/weekly>

TIMES TESTS: Today was the first multiplication facts test!!! Every four weeks, all students will be taking a multiplication facts quiz (100 facts, 0's through 12's in 6 minutes). We have been working on this periodically in class, however you could also help your student at home to prepare for this quiz.

- 1) Make multiplication flash cards and quiz your student.
- 2) Print each of the four different Times Test forms from my [website](#) and practice, practice, practice!
- 3) Log onto Hoodamath.com and have your student practice the multiplication timed test online.
- 4) Play Multiplication War with a deck of cards (remove the Kings, Queens = 12, Jacks = 11, and Aces = 1).

FREE ONLINE TUTORING:

Need help? Click [here](#) for free online tutoring when the math homework gets difficult.

EMAIL: If you have any questions or concerns regarding your student and math class, please do not hesitate to reach out to me. It is best NOT to reply to this email. Please start a new thread and **PLEASE REMEMBER TO INCLUDE YOUR STUDENT'S FIRST AND LAST NAME IN THE SUBJECT LINE SO I KNOW WHO YOUR STUDENT IS.**

MY WEBSITE: <https://www.cajonvalley.net/Domain/518> If you have a moment, please visit my website for information about me, the math curriculum, forms, tools, resources, and other things you may find helpful.

GRADES: It is important for you to know I will be using iGrade Plus instead of the district program, Q-Zangle because it allows me to email weekly progress reports directly to parents. I will only update grades in Q-Zangle at the end of each 6-week grading period. **Please do not check your student's weekly grade in Q-Zangle.**

I update grades every FRIDAY and post them in my gradebook program iGrade Plus to be emailed to you on Fridays. If you and your student check his/her math grade before Friday, there may be blank entries. This means I have yet to enter the grades for that assignment, so please check back on Friday. Assignments turned in on Friday will NOT be reflected on the emailed report until the following week.

If you do not receive an emailed grade report today, please email me a working email for you so I can update my records. Be sure to include your student's first and last name in the subject line of your email.

You and your student received an invitation to gain access to the iGrade Plus online grade program. Be sure to set up your parent portal account so you are able to check your student's math grade at any time.

NEXT WEEK'S HOMEWORK: You can find next week's math homework assignments at <https://www.cajonvalley.net/Page/11701>. Make sure you click on the correct week and are looking in your student's course column for the assignments. *Please note, that although my lesson plans on my website are accurate, some changes may occur without notice.

UP-COMING EVENTS/DATES:

Today ALL - Times Test (6 minutes) and P.A.T.

September 12th Curriculum / Parent Night 5:30 - 7:00 pm

September 16th Accelerated - Modules 1 & 2 Quiz + Enrichment 1 & 2
