

# FIELD TRIP INFORMATION

## *Know Before You Go*

When planning a field trip for your site, be sure to review the list of suggested field trip vendors so that you are familiar with the requirements needed to book the trip. (Frequently used Field Trip vendors attached)

## *Requisition Information*

Field Trip requisitions should be entered at least 4-5 weeks prior to the planned trip so there is enough time to get it through the approval process. When creating a requisition, the following information will be needed (see example below):

- The following information should be entered into the description field in all CAPITAL LETTERS
  - Location of field trip destination; EX: SeaWorld, San Diego Zoo, Parkway Bowl, etc.
  - Date you plan to attend
  - Time of planned arrival
  - Estimated number of students attending (it is better to over-estimate)
  - Estimated number of adults/chaperones attending
  - Total estimated cost of the field trip
- A price quote from the vendor should always be attached to the requisition
  - If you need assistance obtaining a quote, please contact the Purchasing Department
- You will be notified once the Purchase Order has been processed by the Purchasing Department.
- You will receive a "Vendor Copy" by email to be used at the field trip location when checking in.
